dermalogica®

OUR FRESH APPROACH TO SKIN CARE

The Dermalogica ethos is grounded on the importance that products for a healthy skin regimen should be recommended by a professional skin therapist with the same care that a physician would prescribe medication. Dermalogica's formulas have pioneered new standards for product performance. Using only the finest ingredients available, all products are non-comedogenic and contain no occlusive mineral oil or lanolin, no irritating, no artificial colours or fragrance, and no drying S.D. Alcohol.

Developed with the environment in mind, Dermalogica also ensures that all ingredients are from eco-safe sources and are packaged in recyclable containers.

 **ALWAYS cruelty-free**
they do not test on animals.

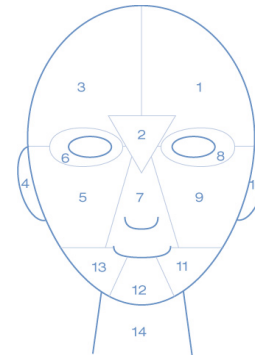

Dermalogica is currently the most requested professional-use-only skin product in the world, and we are proud to be able to offer it to you for all those reasons mentioned, but most importantly, because we believe in it too!!

Get the results you want by booking one of our high quality and customised facial treatments. You'll receive advice from one of our qualified skin care professionals, who can design a program to suit your specific needs.

face mappingsm

expert analysis targeted results

Face Mapping takes skin analysis one step further. Once in the treatment room, rather than analysing the skin in general terms, your therapist divides your face into fourteen zones, each with its own set of unique concerns.

This inch by inch analysis will then assist in your treatment and home care regimen

Face Mapping is performed every time you visit to ensure that your treatment reflects your skin's changing needs.

Your therapist will go through your home care regimen, and Dermalogica face and body treatments.

DERMALOGICA CUSTOMISED FACIAL THERAPIES

Exclusive Treatment

A relaxing back massage to reduce stress and muscle tension is a perfect start to this facial. Deep cleanse followed by a customised exfoliation leaves the skin polished and glowing. Extractions remove any congestion. A cooling contour masque ideal for clients with sensitive, easily irritated skin, or as an instant pick up for tired skin is then applied to include the eye area. A nourishing moisturiser followed by an application of treatment foundation leaves the skin protected, with a hint of colour.
90min plus consultation £62.00

MICRODERMABRASION

Using 100%

Natural Wheat-Germ Crystals

The crystal is organic and 100% natural and treats the skin to the benefits of wheat-germ. The crystals support the skins natural process of regeneration and are particularly valuable for treating dry aging skin. While the exfoliation of dead skin cells take place, the crystals feed the skin with vitamins A, B, C and E which is known for its anti-oxidant effects on free radicals in the skin.
